

# Built-In Gas Cooktop INSTALLATION, USE AND CARE

Please **Ensure** that your cooktop is installed by a qualified technician according to GE's installation guidelines. This helps to avoid any issues related to gas or electrical connections.

Always **turn the burners on after placing the cookware on the burner.**

Clean the grates, burner caps, and the surrounding area regularly to **prevent the buildup of grease and food particles.**

Use **heat-resistant utensils** that are safe for use with your cooktop. Avoid using plastic utensils on hot surfaces as they can melt.

**Use a Voltage Protector:** Protect your unit and warranty by using a voltage protector.

**VOLTAGE  
PROTECTOR**

Please **avoid using cookware that is too heavy or large**, as it can be unstable and may scratch the surface.

**Do not leave cookware unattended** on high heat, as this can cause the cookware to overheat, potentially leading to a fire or damage to the cooktop.

Make sure the gas burners **are properly aligned** and securely placed. If you detect a gas smell, turn off the gas supply immediately and contact a professional to inspect the cooktop.

Keep flammable items, such as paper towels, dishcloths, or food packaging, **away from the cooktop** while in use.

**Do not use the cooktop as a storage area** when it is not in use. Accidentally turning on a burner with items on top can lead to a fire.

**For Residential use ONLY:**

**Using this unit other than for Residential use  
VOIDS all warranties.**

**Please read the Manual.** Familiarize yourself with your manual. Not only does it cover, basic operational use. You can maximize the use of your machine by learning its features.

**PLEASE ENSURE** all of the above guidelines are taken into consideration before making a service complaint. It may be a fault of the unit; it may be an improper installation or a user issue. **Both are not covered by warranty and you would have to pay a fee.**

**Repairs by an unauthorized technician VOIDS your WARRANTY.**

# Electric Cooktop INSTALLATION, USE AND CARE

**Please Ensure** that your cooktop is installed by a qualified technician according to GE's installation guidelines. This helps to avoid any issues related to gas or electrical connections.

Always **turn the burners on after placing the cookware on the burner.**

Clean the grates, burner caps, and the surrounding area regularly to **prevent the buildup of grease and food particles.**

Use **heat-resistant utensils** that are safe for use with your cooktop. Avoid using plastic utensils on hot surfaces as they can melt.
